Special packaging

Cool box for drinks

Long cooling effect

CAD-NR: d111611 / d111613

Properties & features

The cool box is the ideal transport box for cold drinks or food in summer. The insulating effect keeps the ice frozen for a long time and the inner coating prevents it from leaking even after hours. The cool box is therefore ideal for use at events, in retail or at petrol stations.

- Excellent printability for optimum brand and product presentation
- Ideal for campaign-related promotions and events
- Waterproof due to the inner coating with PE paper
- Can also be stacked when full thanks to internal carrying handle
- Easy to recycle

Suitable for

Drinks, food
