

Transport packaging

Pre-glued carding tray

Display-capable
transport
packaging

Properties & features

As display-capable transport packaging, the carded tray with stacking corners is ideal for non-load-bearing bagged goods and can be set up easily and simply in retail outlets.

- **Easy handling:** Simple placement in the store thanks to removal options from both ends
- **Clever design:** stacking corners on both long sides increase stackability
- **Stable:** two-layer glued long sides ensure optimum strength
- **Uncomplicated:** No installation machine required (manual version)

Suitable for

The card tray is suitable for a wide range of products and industries. We design customised packaging and adapt e.g. corrugated types, outer and inner covers, prints and sizes to your individual requirements.
