

# WellBag2Go

A Packaging 6.0 innovation

It's this simple!

## Individual label-printing

- Replaces laborious manual labelling
- Barcodes can be printed in an ascending number range

CAD-Nr.: Z160089

## Shoe box 2.0

The integrated carry handle on the shoe box makes using an additional bag superfluous. The handles double up as hanging bars for attaching additional shoe boxes below. This allows your customers to carry two pairs of shoes at once and still have one hand free

- Replaces the classic, two-part shoe box
- No further bag necessary
- Carry handle assembled quickly and easily
- Easy to assemble thanks to integrated foldable base
- Further packages can quickly be attached
- Optimal process thanks to single-piece packaging

And about what  
**your shoes?**

### Ingeniously simple

The carry straps enable two or more boxes to be linked to each other. This means that customers can carry everything in one hand.
